1 A '*' following a place name indicates that the place is coextensive with a
MCD. A '0' indicates that the place is also a false MCD. In both cases, the
MCD name is shown only when it differs from the place name.

2 A '*' following a VTD code indicates an actual voting district. Its absence
indicates that the VTD is a pseudo voting district or no information is
available as to its status.

3 A '*' following a block number indicates that the block number is repeated
elsewhere in the block.

All legal boundaries and names are as of January 1, 2000.
The boundaries shown on this map are for Census Bureau statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights of ownership or entitlement.
